

Cats in the Classroom

FLAGSHIP FACILITY

September 2004 saw the charity entering an exciting stage of growth with the opening of the National Cat Centre (NCC) located on the edge of the Adkisson Forest, near Raywards Heath, Sussex.

The NCC is a truly stunning place and we will be making it all our own as we move forward with our plans to expand our services to other parts of the country.

Open over a week, the NCC is a fantastic place to visit and we will be making it all our own as we move forward with our plans to expand our services to other parts of the country.

Meeting the cat's needs

Each cat is treated by the resident cat support network, supported by a team of staff and volunteers. The NCC is a truly stunning place and we will be making it all our own as we move forward with our plans to expand our services to other parts of the country.

Footnotes...

Dr. Robert Ross, Director of the National Cat Centre, is featured in this section, discussing the importance of cat care and the role of the NCC.

HOME & CAT - MAKE A DONATION - BECOME A VOLUNTEER

Relax with a rescue cat

There are two means of refuge from the miseries of life: music and cats.

Give a rescue cat a loving new home.

Not all cats have 9 lives

Right now is the height of the cat-breeding season and we are seeing more and more homeless and abandoned kittens arriving at our door every day. We make every effort to find loving new homes for all of them no matter how long it takes.

Your gift today could help thousands of cats and kittens to live their nine lives.

Please call our donation hotline now on: **FREEPHONE 0800 917 2287**

pair up with socks

We match kittens with their owners every year. It's not just about the socks, it's about the love and care that goes into finding a forever home for every cat.
